Subject: Voter Roll Status Report

Hello Secretary LaRose, SOS Staff Members, Senators and Representatives,

This is another in a series of monthly voter roll status reports that I started sending several months ago. Last month I emailed Secretary LaRose and some members on distribution about 1,327 duplicate voter registrations that had the same first name, address, and date of birth. As of the end of February 1,014 of those duplicate voter registration records remain. While some progress was made, most remain unresolved. With respect to all of the issues I'm tracking, there has been no significant change from last month. To see all of this month's issues visit https://ohiovotescount.com/.

This month I am again focusing on duplicate registrations, but this time on **1,538 records** with the **same full name, suffix, and address.** These are registrations where the voter's birth date was likely entered in error, and for some reason a duplicate registration was created. 62 Ohio counties have these issues, and Cuyahoga County alone has 551 such records. As was the case last month, these issues should be relatively easy to resolve because the duplicates can be addressed by asking the county board of elections to check their records. Below is a small sample of these duplicates having two SOS Voter ID numbers for registrations with the same exact name, living at the same address. Parent-child relationships, like Jr/Sr, have been removed from the list.

Butler County (showing 6 of 30 records)

County	SOS Voter ID	First Name	Middle Name	Last Name	Suffix	Date of Birth	Address	City	ZIP	Reg Date	Status
Butler	OH0027060228	ALLISON	N	VESS		2005-01-08	6 SHOAL MEADOWS CT	FAIRFIELD	45014	2023-09-22	ACTIVE

I have been bringing issues such as these to the attention of Secretary LaRose and his staff regularly for many months. An email from his staff to the respective county asking them to examine these issues should be enough to make substantial progress. Frankly Frank. you seem disengaged and apathetic to clean voter rolls, but if that is not the case feel free to reach back to me, and I can help you.

Sincerely,
Jim Rigano
