Subject: Voter Roll Status Report

Good morning Senators Gavarone, Roegner, and Secretary LaRose,

I hope you all had a wonderful Christmas and Happy New Year.

Last month I emailed you about voters that shouldn't be registered at The UPS Store or similar commercial mailbox facility. As of January 3rd, we actually have three additional persons registered there bringing the tally from 134 to 137 persons, and Mr. Secretary your staff did not reach out as you suggested they would. Anyway, here is a table showing the issues I'm tracking and the tally over the last three months.

Date	Commercial Mailbox	Deceased Voters	Dups First Name Address DOB	Dups LN FN MI DOB	Dups Name Suffix Address	Invalid Reg Date	No Votes 10 years	Questionable DOB	USPS Registrations
January 03, 2026	137 across 22 counties.	472 across 63 counties.	1327 across 43 counties.	9,149	1732 across 62 counties.	46,735	168,244	64 across 17 counties.	110 across 41 counties.
December 06, 2025	134 across 21 counties.	477 across 62 counties.	1547 across 51 counties.	18,549	1872 across 67 counties.	46,953	167,384	66 across 17 counties.	111 across 42 counties.
November 01, 2025	136 across 21 counties.	475 across 62 counties.	1244 across 48 counties.	4,741	1624 across 61 counties.	47,310	165,822	66 across 17 counties.	112 across 42 counties.

Congrats on reducing the number of duplicates in the last name, first name, middle initial, DOB category, but we're still roughly 2x higher than November.

This month I'm providing a list of 472 registrations, across 63 counties that match ODH death records. Mr. Secretary, I would ask you to ask your staff to direct the counties to investigate and resolve these issues and report back to you with the resolution. Senators, I would ask you to hold a hearing regarding why the systems that check for these issues aren't working as well as they need to be. If you question my findings, please call for an independent audit of these problems. These are the types of issues a qualified Auditor of State should be able to run to ground. Anyway, the list of voters matching ODH death records is below, and you can see the details behind each of the categories above at my website OhioVotesCount.com.

Best regards,
Jim Rigano

Voter Registrations Matching ODH Death Records

These registration records have names and birth dates that match Ohio Department of Health death records. Federal law, Ohio law, and SOS directives require registrations of deceased voters to be removed from the rolls. ORC 3503.21 requires a voter registration to be canceled upon the filing of a death notice. NVRA requires states to have a general voter list maintenance program that removes the names of voters who have died [52 USC 20507(a)(4)(A)]. HAVA also requires state election officials to maintain voter lists on a regular basis, including the removal of deceased voters [52 USC 21083(a)(2)(A)].

Total Potential Deceased Voters: 472 (Data from the Ohio SOS website for January 03, 2026)
